Company Milestones

- 1998 Foundation**
Established as 1st Independent Indian CRO
- 2001 DCGI Approval**
Received DCGI approval for BE studies
- 2005-09 Expansion Phase**
Strategic growth and capability building
- 2009+ Multi-Site Operations**
Ahmedabad and Vadodara operations started
- 2013 Biologics Lab**
Biologics Laboratory initiated
- 2014 CDS Services**
Clinical Data Services launched
- 2022 Strategic Acquisition**
Florintree Acquisition completed
- 2022 Navi-Mumbai Site**
DCGI, ANVISA and USFDA approvals
- 2026 Navi-Mumbai Site**
GCC approval

1st Independent Indian CRO

Pioneering clinical research services in India with a commitment to quality and regulatory excellence since 1998.

25+

Years

140+

Inspections

Key Highlights

-  Multi-site Operations
-  Global Regulatory Expertise
-  Biologics & Small Molecules
-  Phase II-IV Specialization

Our Team

Leadership Team - CT

Experienced professionals driving clinical excellence

Dr. Nirav Gandhi

CEO & President

MD (Pharmacology)

- 26+ years in Clinical Research
- 100+ Regulatory audits faced
- Complex trials across therapeutic areas
- Strong investigator & KOL relations

Dr. NabaKumar Talukdar

VP Clinical Operations

MD (Pharmacology)

- 20+ years industry experience
- 100+ global regulatory inspections
- Late phase, patient PK & post-marketing
- Leading role in inspections

Dr. Avdhoot Laud

Sr.V.P – CQA & Regulatory

PhD

- 28 years in pharma industry
- 100+ audits for CT & BE combined
- CT, BE, Formulation ADL, API expertise
- Quality systems: GCP, GMP, GLP

Dr. Shailesh Sonar

Head Biologics

PhD

- 20+ years in Drug Discovery
- Personalized Medicine & Biologics
- Cell & Molecular Biology, Immunology
- Biosimilars, MAbs, Vaccines, Peptides

Statistics

Biostatistics Strengths & CDM

Expert statistical analysis and CDISC-compliant data management

Key Capabilities

Statistical Analysis

As per regulatory requirements (FDA, EMA, ICH)

CDISC Deliverables

SDTM, ADaM, Define.xml compliance

Statistical Analysis Plan

Comprehensive SAP development

SAS Programming

Programming and validation

Team Strength

10+

Post-graduate Staff

Experienced biostatisticians and programmers

Comprehensive Services

Randomization Procedures

Randomization and blinding procedures for clinical trials

Sample Size Calculations

Power analysis and sample size determination

Statistical Reports

Comprehensive statistical analysis reports

Quality Assurance

Double programming and validation

CDISC Compliant

Full compliance with CDISC standards for regulatory submissions

Services

Biostatistics Services

Comprehensive statistical solutions for clinical trials

Study Design

Optimal study design for your clinical trial objectives

- ✓ Parallel design
- ✓ Crossover design
- ✓ Adaptive design

Sample Size

Power analysis and sample size calculations

- ✓ Power analysis
- ✓ Effect size estimation
- ✓ Drop-out considerations

Randomization

Randomization and blinding procedures

- ✓ IVRS/IWRS
- ✓ Block randomization
- ✓ Stratification

Analysis Plan

Comprehensive statistical analysis plan

- ✓ SAP development
- ✓ Analysis methods
- ✓ Endpoint definitions

Programming

SAS programming and validation

- ✓ TLG programming
- ✓ Dataset creation
- ✓ Quality validation

CDISC Support

CDISC standards and CDM support

- ✓ SDTM mapping
- ✓ ADaM datasets
- ✓ Define.xml

Comprehensive Biostatistics Services

From study design to regulatory submission

Expert Team

Strategy

Core Strategic Pillars - ARL CT Team

Four strategic pillars driving clinical trial excellence

01

Operational Excellence

Lean & Standardized Processes

Lean Processes

Standardized processes for late phase trials

Quality Management

Systems aligned with ICH-GCP

Performance Metrics

Metrics & dashboards for trial performance

02

Therapeutic Expertise

Deep Knowledge & Differentiation

Expert Teams

Clinical ops with deep therapeutic knowledge

Centre of Excellence

Oncology, Metabolic, CNS & LAI trials

Specialized Focus

Differentiated therapeutic capabilities

03

Geographic Expansion

Site Network & Global Reach

High-Performing Networks

Site networks in India and SEA

Strategic Alliances

Partnerships in EU/US & Australia

Global Trials

Multi-regional trial capabilities

04

Digital Innovation

Patient-Centric & Technology

DCT Capabilities

E-consent, wearable integration

Patient Engagement

Enhanced retention strategies

Digital Solutions

Mobile apps & ePRO
